ZIEGLER NEW TEACHER HEAD

ASSOCIATION ELECTS MARYVILLE SUPERINTENDENT.

AGAINST PROPOSAL 4

Other Resolutions Favor National Department of Education and More Help for County Superintendents.

Tireless service on the part of L. E. Ziegler, superintendent of the Maryville schools, as secretary of the Northwest Missouri High School Association, was rewarded at the business meeting of the organization this morning, when Mr. Ziegler was the unanimous choice of the body for its presidency next year.

Mr. Ziegler's election was made unanimous after he had received a majority of votes over C. T. Richards of Pattonsburg and W. R. Lowry of Braymer, other nominees.

Miss Irene O'Brien, county superintendent of Daviess County, was named first vice-president of the body, and Ed Adams, Barnard superintendent, was chosen second vice-president.

The duties of secretary of the association fall on the shoulders of Bert Cooper, director of extension at the State Teachers College, and Charles Myers, superintendent at Hamilton, was re-elected treasurer.

D. D. Hooper, Andrew County superintendent, was named to succeed himself on the executive committee of the organization.

The association will meet at the College again next year on October 13, 14 and 15.

Oppose Proposal No. 4.

Approval of the Curtis-Reed bill, for the establishment of a Secretary of Education in the President's cabinet, and a vote of opposition against Proposition No. 4 were other features of the business meeting. The body also recommended that steps be taken to provide adequate assistance for county superintendents.

Leslie G. Somerville, Nodaway County superintendent and retiring president of the association, was voted $100 to help defray his expenses to a meeting of the division of superintendence of the National Education Association in Dallas this winter. It is the custom of the association to reward its retiring presidents.

Following is the report of the resolutions committee of the organization, adopted in full:

"We the Committee on Resolutions wish to submit the following report:

"FIRST—To the officers of the Northwest District Association we wish to extend our hearty appreciation and approval of the splendid service rendered. Especially do we appreciate the effort made by our President to begin and close all programs on time. We also wish to commend Superintendent Ziegler, secretary of the association for his untiring efforts in securing for us such able talent.

"SECOND—To the administration and faculty of the State Teachers' College we wish to express our thanks for their co-operation in promoting the Association and providing such a comfortable place of meeting.

Program Is Praised.

"THIRD—Believing we have had a program hitherto unsurpassed in our District Meeting we wish to thank the talent provided for us.

"FOURTH—To the press, we wish to express our appreciation for the publicity given our meeting.

"FIFTH—The session of the State Library Association with us at this time has been a very great pleasure and we wish to extend to it an invitation to make this an annual place and time of meeting.

"SIXTH—We wish to reaffirm our approval of the Curtis-Reed Bill and to pledge our continued support.

"SEVENTH—Your Committee suggests to the Executive Board of the Northwest District Association that they present to the next annual association a teachers' casualty plan.

"EIGHTH—Conscious of the great handicap in the educational system of the state of Missouri resulting from limited funds, we wish to appeal to those in authority to provide sufficient revenue for proper maintenance of public education.

"NINTH—Realizing that more than half of our teachers are in the rural schools and conscious of the very great need of closer supervision, we urge that such legislation be proposed as to provide the County Superintendent with such assistance as will enable him to give closer supervision to his schools.

"TENTH—Be it resolved that this Association go on record as being opposed to Proposition No. 4.

"FANNIE HOPE,
Maryville.
"MYRTLE QUINLAN,
Harrison County.
"C. V. MILES,
Gentry County."

Wisconsin Woman to Head Legion Auxiliary

Philadelphia, Oct. 15.—Mrs. Adaline Wright MacAuley of Wisconsin today was elected national president of the women's auxiliary of the American Legion.

FINAL PLANS FOR WILLIAMS

UNITED STATES SENATOR TO SPEAK HERE WEDNESDAY.

WILL HOLD RECEPTION

Mrs. Williams Will Accompany Husband on Trip to County—Women Are Appointed on Committee.

Plans for the entertainment for United States Senator George H. Williams, and Mrs. Williams, who are to be in Maryville Wednesday, October 20, have been completed, it was announced today by E. C. Curfman, chairman of the County Republican Central Committee. One of the principal social events to be held the day Senator and Mrs. Williams visit here will be a reception for Mrs. Williams at the Elks Club to which all women in Nodaway County have been invited.

Senator and Mrs. Williams will arrive in this city on the morning Wabash from St. Louis next Wednesday, and will be entertained at the Linville hotel that day. Mr. Curfman has announced that the Senator will be at that hotel from 10 o'clock until noon during which time he would be glad to meet any who wish to confer with him.

A luncheon at which the members of the county Republican central committee will honor Senator and Mrs. Williams will be held at the hotel at 12 o'clock.

A special committee of women is completing plans for the reception in honor of Mrs. Williams at 1 to 2 o'clock that afternoon at the Elks Club. Those in charge have stated that all the women of the county have been invited to attend this reception and meet Mrs. Williams, whose charm aided in making her one of the best known women in society in Washington last winter. An orchestra will give a program during the reception.

Senator Williams will make his first speech in Nodaway County since last fall when he appeared at t[illegible] Northwest Missouri Teachers Association here, at 2 o'clock in the Circuit Court room in the Nodaway County court house. Mr. Curfman today said that old soldiers and elderly persons would be provided with seats close to the speakers' table in the court room. A band has been engaged to give a concert at the court house before the speaking program starts.

Mr. Curfman will open the meeting and will introduce Fred Wolfers who will introduce Senator Williams.

Following the speaking program Senator Williams will be taken to Tarkio where he will speak that night.

The members of the reception committee for Mrs. Williams are:

Mrs. F. S. King, Mrs. Harry Todd, Mrs. J. A. Speirs, Mrs. F. P. Reuillard, Mrs. Arch Frank, Mrs. Bert Nicholas, Mrs. Will Hanson, Mrs. W. F. Phares, Mrs. George Wallace, Mrs. Steve Donahue, Mrs. C. E. Stilwell, Mrs. Nettie Fuqua, Mrs. Chas. R. Gaugh, Miss Hilda Lahr, Mrs. R. L. McDougal, Mrs. Lonella Landfather, Mrs. Lulu Fraser, Mrs. Ed Egley, Mrs. Chas. Eckert, Mrs. Emma Eckles, Mrs. F. E. James, Mrs. J. S. Shinabargar, Mrs. E. C. Curfman, Miss Jessie Parcher, Miss Eva Davis, Mrs. J. W. Herndon, Mrs. Mary Gram, Mrs. O. A. Bennett, Mrs. Garnett Watt, Mrs. Raleigh Cable, Mrs. Rena Mendenhall, Mrs. Ruth Johnson, Miss Ruth Hopple, Mrs. Mary Geyer, Mrs. Flora Spoonemore, Mrs. M. L. Bentley, Miss Nina Merrigan, Mrs. Z. R. Alexander, Mrs. J. R. Masters, Mrs. Sophia Cossins, Mrs. Walter Johnson, Mrs. Andrew McClintoch, Mrs. Mary Shambarger.

FRASIER ASKS INDIVIDUALISM

TOO MUCH MASS THINKING, DECLARES WESTERNER.

HITS GROUP TENDENCY

"Live To The Fullest, But Respect Others' Views," He Says.—Urges Reading And Reflection.

Tonight

7:30 p. m.—All Missouri Program, College Auditorium. Addresses by Dr. M. G. Neale, dean of education, University of Missouri, and Dr. E. L. Hendricks, president of Warrensburg State Teachers College and Missouri Teachers Association. Illustrated lecture by J. Kelly Wright, Columbia.

Tomorrow

9:00 a. m.—Final general session, College Auditorium. Address, "The Pot of Gold," Prof. Josh Lee, University of Oklahoma; Address, Mrs. Emily Newell Blair, Joplin, Mo.; Address, "Literature for Children," Miss Jesse Gay Van Cleve, American Library Association, Chicago.

Twentieth century co-operation, socialization and community activities have too far suppressed individualism, it was declared here this morning by Dr. George Willard Frasier, president of Colorado State Teachers College, speaking at the third general session of the Northwest Missouri Teachers meeting.

The address was declared the outstanding event thus far of the teachers' program. Other addresses were given this morning by Dr. Fannie W. Dunn, Columbia University, New York, and Milton J. Ferguson, state librarian of California.

"It seems to me that this idea has gone too far," said Doctor Frasier, the youngest teachers college president in the United States. "It is time to stop and separate ourselves out from our multiplicity of parties, organizations, clubs and gatherings and do some individual thinking.

"Group loyalty is a very fine thing. It has accomplished much good in the world. But group loyalty is not enough. The world today demands individual thinking and action.

"What we need today is not less group loyalty but more intelligent loyalty, and more action based upon reason."

Do Everything In Groups.

"We in this day and age seem to want to do everything in large groups," Dr. Frasier declared. "We educate in classes, worship in crowds, live in cities, travel the main roads and purchase our merchandise at places of business which are most frequented. It is possible for a man to live his life through without once separating himself from the mass to study his own inner life and to live as an individual. It seems to me that this is a weakness of our age and the danger to our present civilization.

"In a primitive society," he continued, "the individual was entirely submerged. Man existed only as a member of a family or clan. The clan worked as a unit, fought as a unit and necessarily thought as a unit. The various activities which were carried on in the clan were those pertaining to the necessities of life. They were the activities involved in securing food, in repulsing enemies, in the administration of justice and in the performance of religious rites and ceremonies. Even morality was not a personal matter, but consisted of living in harmony with tribal customs."

Best in Life Individual.

Now conscience, religion, education, morality, love, enjoyment of the aesthetic or artistic, and all of life's most precious relationships are individual and not group affairs, Dr. Frasier asserted.

Conscience he defined as entirely individual and having two factors: a body of knowledge concerning moral situations and the ability to think.

"The reason men react differently to the same situation," he added, "is that they have different habits of reasoning and different experiences upon which to base their reasoning. The body of knowledge that one man uses in moral situations contains the fact that man should obey all the laws of the land. The reaction of his conscience to a violation of law is different from that of a man whose conscience-material contains the idea that it is right to break the law, but wrong to get

Korell Suit to Jury Late Today

Damage Suit of Savannah Man Will Be in Hands of Jury This Afternoon.

The damage suit of Vollie Korell of Savannah against the St. Joseph Railway, Light, Heat & Power Co., will go to the jury late this afternoon. This case has been up in court yesterday and today.

Other proceedings in circuit court were:

S. M. Willeford vs. Cleo A. Johnson, et al, notes, judgment for plaintiff for $392.25 at 8 per cent interest.

Jim Brower vs. Pearl Rosella Brower, divorce, decree of divorce for plaintiff as per form filed and care and custody of minor children awarded to plaintiff.

4 TRUE BILLS ARE REPORTED

GRAND JURY THEN TAKES RECESS UNTIL LATER IN TERM.

115 WITNESSES HEARD

One Indictment Against Robert Moody, on Liquor Charge; Another On Wm. Green, Clearmont.

The grand jury reported four true bills or indictments in circuit court late yesterday afternoon and took a recess to meet again sometime late in this court term. The indictments returned charge driving a car while intoxicated, assault, and possession of liquor.

The grand jury was in session four and a half days last week and two days this week. One hundred and fifteen witnesses were examined by the body during that time, a large number of them being used in an investigation of the three bank failures in this county. The jurors reported no written statement in regard to the court house, county offices, the county jail and the county farm, as this will probably be done at their next session.

Robert Moody was indicted on a charge of operating a motor car while intoxicated and was arraigned in circuit court. He waived formal arraignment and bail was fixed at $1,000, which was given. The parole which was granted to Moody after he had been convicted of possession of liquor at a previous court term was revoked and he was committed to the custody of the sheriff. This parole was given after Moody had paid part of his fine and had served part of his jail sentence.

Another indictment was against William Green of Clearmont, charging assault of Harve Gohn of that town. Green was arrested this morning by Deputy Sheriff Harve England. It is said that Green attacked Gohn, after the latter had cut off the electric current from Green's home after the latter had failed to pay his light bill.

Wilson Davis, who was indicted on a charge of possession of liquor, was arrested in St. Joseph by Deputy Sheriff John Rasco and was brought to Maryville today at noon. Davis was the party with Arthur Cronk of St. Joseph who was fined and given a jail sentence in circuit court Monday. Cronk told the court Davis was with him. Cronk saying they had better remain out of Nodaway County as the officers were enforcing the liquor laws, and Davis replying: "They will not get us." Davis formerly resided near Bolckow.

The other grand jury indictment will probably be served tomorrow.

Cream Station to Be Located Here Soon

Building Formerly Occupied By J. H. Carstens On West Third Street Has Been Leased.

F. N. Hinkley, formerly of Council Bluffs, today announced that he had leased the building at 122 West Third street, formerly occupied by J. H. Carstens, and will establish a cream depot there soon. Cream, eggs, poultry and feed will be bought and sold there, he said.

The location is very good for such a station, Mr. Hinkley believes, as there is a court between the rear end of the building and the alley. It is there that a loading dock likely will be arranged and when West Third street is crowded with cars farmers can take their products to the rear entrance of the station.

DEADLOCK IN ELECTING HEAD

LEGIONNAIRES TAKE EIGHT FRUITLESS BALLOTS.

VOTE IS ABOUT EVEN

Howard P. Savage of Illinois And J. Monroe Johnson Of South Carolina Are Opposing Candidates.

Philadelphia, Oct. 15.—Deadlocked in a spirited contest over election of national commander, the American Legion convention at the closing session today held eight ballots without awarding the necessary majority to any candidate for office. The contest was between Howard P. Savage, Illinois, and J. Monroe Johnson of South Carolina, a reserve colonel of the engineers.

Savage and Johnson almost evenly divided more than 900 of the 1,034 votes in the convention.

Philadelphia, Oct. 15.—The American Legion by acclamation today elected General John J. Pershing and Marshal Ferdinand Foch, honorary commanders for life.

The men who commanded the A. E. F. will thus lead them back to Paris next year and there be greeted by the guiding genius of the allied forces.

Having honored the two great leaders, the Legion set to work in electing the national commander for 1927, the two outstanding candidates being Col J. Monroe Johnson of Marion, S. C., and Howard P. Savage of Chicago.

Won't Inquire Into Activities of Klan

Senate Investigation Boady To Center Efforts On Testimony Regarding Fund For McGill.

Kansas City, Oct. 15.—The Senate slush fund committee, reconvening in Chicago Monday, will not investigate Ku Klux Klan activities in Indiana or elsewhere, Senator James A. Reed declared here today on his return from Joplin where he spoke last night.

The chairman of the Senate investigating committee said he could not conceive of any such investigation at this time.

A $400,000 campaign fund said to have been promised Hugh S. McGill, independent candidate for United States Senator from Illinois, he said, was the principle thing he intended to bring out in connection with expenditures in the primaries in Illinois.

Reed refused to discuss Ku Klux Klan activities.

Stephenson Records Before Grand Jury

Former Indiana Klan Officer Appears By Proxy Before Investigating Body And Tells His Story.

Indianapolis, Oct. 15.—D. C. Stephenson, former grand dragon of the Indiana Ku Klux Klan, who claims to hold the political fortunes of scores of Indiana officials in a black box full of cancelled checks and signed contracts for fees, made his second appearance before the Marion County grand jury here today, this time by proxy in the person of deputy grand juror William H. Schaeffer.

Schaeffer appeared before the investigating body on his return here from a three-hour conference with Stephenson in the Michigan City penitentiary where he is serving a life sentence for the death of Madge Oberholtzer. It was reported that a signed deposition giving the details of Stephenson's spectacular story was incorporated in the grand jury records.

Jewels Stolen From Home of Financier

Biarritz, Oct. 15.—Nearly a half million dollars worth of jewels were stolen last night from the villa of Alfred Loewenstein, Belgian financier and multi-millionaire. Loewenstein, who is rated as one of the wealthiest men in Europe, has attracted attention lately by his offer of loans to Francee and Belgium for the restoration of currency.

Kirksville Woman to Head Federated Club

Columbia, Oct. 15.—Mrs. H. C. McCahan of Kirksville today was elected president of the Federated Women's Clubs of Missouri which is in session here.

Two More Prisoners Escape From Camp

Makes Total Of Five Who Have Gotten Away During Last Three Days —At Calwood Camp.

Jefferson City, Oct. 15.—Two more convicts escaped last night from the prison camp at Calwood in Callaway County. They were Henry Potter, serving two years from Morgan County for carrying concealed weapons, and J. G. Bone, serving five years for forgery from Washington County, since last March 6. This makes five escapes in three days, since one convict escaped from William B. McGregor, member of the penal board, at Kansas City, while being returned from Los Angeles, and two men running away from a prison farm five miles east of the city.

NORRIS DRIVE CAUSES WORRY

POLITICAL LEADERS ALARMED AT PENNSYLVANIA OUTLOOK.

STUMPS FOR WILSON

Insurgents Apparently Serve Notice They Will Oppose Seating Of Vare And Smith.

Washington, Oct. 15.—The eyes of both major political parties were centered today on Senator George W. Norris, insurgent Republican leader of the Senate, who will launch a one-man crusade tomorrow to overthrow the tremendous landslide Republican majority in Pennsylvania's coming Senatorial election.

Throwing his support to William B. Wilson, Democratic nominee, Norris will take the stump with the hope of defeating Representative William S. Vare, Republican boss of Philadelphia.

The action of the Nebraskan, who is a nominal Republican, may be fraught with many upsets in political fortunes outside of Pennsylvania. For one thing, political leaders here look upon the move as serving notice that the insurgents will fight to the bitter end every effort to seat Vare should he be elected. It also forecasts another notice to unseat Frank L. Smith, Republican nominee in Illinois, if the latter should be victorious in November.

Aside from these two contests, the Norris crusade was causing Republican leaders some alarm because it widens the breach between the so-called Republican insurgent group and the regular administration ranks. Thus far, the Republican regulars have held out the olive branch to the insurgents, extending aid in the candidacy of Smith W. Brookhart, Iowa Senatorial candidate, and Senator Gerald P. Nye of North Dakota, both insurgents.

Norris predicted the senate would not seat Vare, even if the Pennsylvania candidate were elected.

Queen Marie Guest of Mrs. Woodrow Wilson

Helps Celebrate Birthday of Widow of Late President—Royalty To Observe Natal Day Too.

Aboard the S. S. Leviathan, Oct. 15—Queen Marie and her suite were guests today at a birthday party for Mrs. Woodrow Wilson. In celebration of Mrs. Wilson's birthday, the ship's cook prepared a huge birthday cake and a party was arranged in the Wilson room, a memorial room to the late President Wilson on the Leviathan.

The queen announced that she herself will be celebrating a birthday on October 29, her fifty-first. Since her party starts its trip westward on October 24, the birthday party probably will be held in Chicago.

American swains who hope to trip the light fantastic with Princess Ileana are destined to disappointment. Queen Marie is a stickler for formality and it begins to appear as if the Princess will not be permitted to attend any social functions while in the United States because she has not made her formal debut in society.

Accused Man Files Suit Against Canton Paper

Canton, Ohio, Oct. 15.—Attorneys for Lewis Mazer, one of the three men charged with the murder of Don R. Mellett, filed suit for $50,000 against the Canton Daily News here today. The suit alleges libel but it is regarded by attorneys as another attempt to question state witnesses before the trial of Mazer, scheduled to begin November 8.

NO IMMUNITY TO ORMISTON

KEYES REITERATES FORMER STATEMENTS.

OFFERS TO RETURN

Prosecutor of Mrs. McPherson Receives Mysterious Message From Winnipeg, Canado, Signed "T"

Los Angeles, Oct. 15.—District Attorney Asa Keyes announced today that he had received a telegram from Winnipeg, Canada, in which a person signing himself as "T" offered to surrender Kenneth G. Ormiston in return for a promise of immunity from prosecution in connection with the Aimee Semple McPherson case.

Keyes, instructed in the telegram to reply through the press, reiterated his earlier statements that no immunity will be given Ormiston and that the former radio man must stand trial with the rest. The text of the message was:

"Ormiston sick. Will surrender if granted immunity. This is last offer. Reply through press. (Signed) T."

Keyes said he had no inkling of the identity of the sender.

Mrs. Lorraine Wiseman-Sielaff, confessed framer of the "Miss X" hoax with Mrs. McPherson, resumed the stand today at the preliminary hearing of the evangelist.

Defense attorney Gilbert continued his cross examination of the principal prosecution witness. Gilbert questioned the witness concerning several dates given in her earlier testimony and Mrs. Sielaff each time corrected herself saying she had refreshed her memory since her earlier appearance.

Roland Rich Woolley, another of Mrs. McPherson's witnesses, positively identified newspaper photographs of Mrs. Virla Kimball of Oakland, sister of Mrs. Lorraine Wiseman-Sielaff, as the woman who posed as "Miss X" and made a sworn affidavit that she was the companion of Kenneth G. Ormiston at Carmel-by-the-Sea.

Bearcats Lead in Second Quarter

The score of the Bearcats-Cape Girardeau Teachers College game this afternoon at the time of going to press was Bearcats 7, Cape Girardeau 3.

1st Quarter.

The Bearcats scored a touchdown shortly after the game opened when Cox recovered a fumble on the 20 yd. line and took the ball to within 10 yards of the goal. Eads, carrying the ball over on a line play for a touchdown. Eads kicked goal for extra point.

A punting fest started not long after Maryville kicked off. Cape Girardeau recovered a fumble and later worked the ball, by punting down near the goal line where Eads put the ball back in mid-field by a long punt. The quarter ended with the ball in Cape Girardeau's possession on the 50 yard line.

Maryville 7, Cape Girardeau 0.

Clipping by Cox cost Maryville a 15-yd. penalty in the second quarter and allowed Cape to get within place kicking distance of the goal. Whitner made a 25-yd. place kick for 3 points. Score, Cape, 3; Maryville, 7.

Enjoying perfect interference, Eads, soon after the kick off ran 55 yards for a touchdown, but holding by a Bearcat caused a foul, making the touchdown no good.

A large crowd was present at the game. The stands were full.

The lineup:

MORE LIFE RAYS

Next year is going to be a great year for sunburn, says Dr. Pettit of the Mount Wilson Observatory, in California. Also for health. The sun is going to give off more ultra-violet rays—two and one-half times as many as it did in 1923 and considerably more than this year's supply.

It is these rays, "beyond violet" in spectroscope or rainbow, and therefore invisible to the human eye, which are the health giving element of sunlight. They cure rickets, stimulate the growth of red blood corpuscles, help tuberculosis cases and promote health and life generally.

The heat rays are something else. They merely give a pleasant sensation of warmth. It is the ultra-violet rays, which cannot be felt at all, that have electrical, life-giving power.

Sunspots are held responsible for the whole business. There is going to be an increase of sunspots next year, resulting in less heat from the sun but more radiant stimulation. A race tending toward anemia can afford to endure a lower temperature for the sake of the "pep" on the other side of the rainbow.

Stewart's WASHINGTON LETTER

By Charles P. Stewart.
NEA Service Writer.

Washington.—William Tyler Page, clerk of the House of Representatives, is celebrated as a political forecaster.

Maine is his barometer. Page doesn't base his predictions solely on barometer readings any more than a weather forecaster relies exclusively on them. He considers other indications, too.

Still, what the barometer says generally is more important than any other single indication. Page sizes up all the other signs, verifies them by his barometer and then predicts. Most of the time he proves a good guesser.

Maine is Republican. Sometimes it's more strongly Republican than at others. Page notes the Maine majority, compares it with the normal margins in the other states, and draws his conclusions.

If the Maine majority is large, he concludes that Republican states will stay Republican and that doubtful ones will go Republican. If it's small, he concludes that the Democrats will carry doubtful states and maybe some Republican ones.

Page says any other state undoubtedly would make as good a barometer as Maine but all the rest have their elections in November, while Maine votes in September.

Crops on Islands Are Badly Damaged

Cape Girardeau, Mo., Oct. 15.—Islands and lowlying lands along the river have been flooded by rising waters of the Mississippi, doing many thousands of dollars damage to crops.

If weather conditions remain favorable, it is hoped that flood waters will recede toward the middle of this week. Greatest damage has been done to farms on islands in the river.

Big Island was nearly half submerged. It has an area of about 4,000 acres. Farmers on that island made an effort to harvest a portion of the corn crop, but with little success since water stood at a five-foot level at many parts of the island. Increased damage has also been noted on the islands in the river north of Cape Girardeau, Pecayune Island being under water and Devil's Island partly flooded.

Refuse Money; Prefer to Get Interest

Atlantic City, N. J., Oct. 15.—More than half the customers of the Spokane Gas and Fuel Company, Spokane, Wash., have refused to accept the return of their five dollar deposits for gas service, it was announced here yesterday at the Eighth Annual Convention of the American Gas Association.

The company recently wrote to all customers who had paid their monthly bills promptly for one year and offered to refund the five dollar deposits, guaranteeing good service without the the customers expressed themselves as willing to accept the return of their money.

The eight percent interest offered on the cash deposit was so attractive that the customers decided to use the gas company as a savings bank. The company replied that although the customers were "in good standing" and had paid their bills on time, special arrangements would be made to provide for the safe keeping of the deposits of all who wished to "bank" with the gas company.

World's Ugliest Woman Pleased With Position

Holbeck, Yorkshire, Oct. 15.—Mrs. Bevan's face is her fortune—in reverse. She is a back-handed sister to Cleopatra and Helen of Troy, whose careers may be said to have revolved around their faces.

Mrs. Mary Ann Bevan is distinguished by her superior ugliness. She claims with pride that there is no woman on earth more awful to look upon than she. Yet she takes a queer satisfaction in her ugliness.

"It makes other women, who are not quite sure how good looking they are, feel light-hearted to see me," she explains. "They know, at any rate, that they are not as ugly as I and that makes them feel better. I like to do good in the world, even in such an unusual way."

Mrs. Bevan, in spite of her face, is a charming woman with three charming and good-looking children.

She first discovered her unusual unsightliness when she enter an "ugly girl" competition on a bet and won first prize against 250 rival claimants. Doctors tell her she will become more ugly as she grows older.

Hawk Attacks Woman; Magpies Rescue Her

Sydney, Oct. 15.—A fierce battle between a woman and a huge eagle-hawk was recently fought at a sheep station near Goulburn, about 140 miles from here.

The woman, Mrs. Gertrude Flynn, was going out to drive the cows home for the night, when she heard the bellowing. They were rushing madly in all directions.

At first, Mrs. Flynn thought that a pack of wild dogs were bothering them, but as she drew nearer she saw a huge eagle-hawk, viciously attacking the cows. Swooping down at them the bird was pecking furiously and clawing at the backs of the frantic animals.

Without thought of her own danger, Mrs. Flynn picked up a large stick, and when she came near the hawk, struck at it. The bird turned from the cows and attacked the woman. One of the hawk's claws ripped her dress from shoulder to waist. Mrs. Flynn fought desperately to save her life. She aimed heavy blows at the bird but its talons continued to inflict severe gashes on the woman, and she was almost exhausted when she found unexpected allies.

While the fight was being waged, a small flock of magpies came to Mrs. Flynn's assistance and pecked at the bird of prey. Singly, the hawk could have killed the magpies with one blow, but number told and soon he was in flight. Mrs. Flynn was so seriously injured that she had to enter a hospital.

Funeral Yesterday.

The Rev. H. A. Doughty, pastor of the Methodist Church at Pickering, conducted the funeral services of Mrs. Sophia McCurry at the home yesterday afternoon. Burial was made at Myrtle Tree Cemetery.

FADS OF THE FAMOUS.

PAUL von HINDENBURG

President Paul von Hindenburg has a penchant for saving every relic connected with his military career. His office-desk is adorned with a helmet, pierced by a French bullet in 1870 while covering Hindenburg's head.

Military pictures and war memoirs comprise the bulk of his library.

He ardently dislikes music—unlike the people over whom he rules. There is only one exception—the drum and fife; he can listen to the tunes of these instruments ceaselessly. The frequent visits of German and foreign glee-clubs which serenade him from the presidential lawn, afflict him with acute ennui, as he has privately confessed. His war comrades relate that when they used to strike up a tune, Hindenburg could never sing a single note correctly.

A Banquet That Was Almost a Tragedy

"Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of MAYR'S, which I did with wonderful results." It is a simple, harmles preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which cause practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggist.—Adv.

Why Do Some FORDS Run Better than OTHERS?

There's a long list of things that might make the difference. But at the head of the list and most important is "good lubrication".

It's been honestly estimated that 80% of car repairs are caused by poor lubrication. Then, why should you risk your Ford on questionable oil?

MonaMotor Oil not oluy meets Ford factory specifications, it meets and beats the friction and heat in actual performance. Drive in and notice the difference yourself.

Treasurer of Wisconsin, Famous Jew, Warns Race Against Denying Origin

St. Paul, Minn., Oct. 15.—Solomon Levitan, who climbed from the job of a Jewish pack peddler to state treasurer of Wisconsin, in an address at Mount Zion Temple here declared that opportunity for the Jew lies in making himself a part of the people with whom he lives, at the same time warning his people against denying their racial origin.

"We have lived too much to ourselves," he said. "Our Jewish people have so much to be proud of that they should be ashamed of denying their race, and others will look down upon them for so doing."

As a contribution to America's melting pot, the Jew gives his physical mental and moral inheritance from a long line of clean-living, intellectual ancestors, asserted this keen business man whom the voters of Wisconsin recently renamed for their treasurer by the greatest vote ever accorded to one holding that post.

"Honest Sol," as he was nicknamed in his peddling days and as he is still called today, gave the following advice to his people:

"Do not try to get where you are not wanted, and you soon will win the respect of all about you."

"Honesty, kindliness, tact, modesty, and hard work will overcome any obstacles and bring success to any Jewish boy or girl."

"Be a real upstanding Jewish American citizen. Strive to give instead of merely to receive."

"Bragging about success or wealth, over-dressing, indulgence in extravagent luxuries, these are evidences of arrogance which have caused dislike and prejudice. If we can bear our success with modesty and humility we will eliminate much prejudice."

"The Jew must prove his right to expect the benefits this great country has to offer."

"Many try so hard to explain that they are some different kind of Jew. Many join Gentile churches just to gain prestige. Such false pretense will win nothing but disfavor."

Cuba Seeks Treaties With Foreign Powers

Havana, Cuba, Oct. 15.—Commercial treaties will be sought within a short time by the Cuban government with great Britain, France, Canada, Mexico, Italy and Uruguay, according to reports from authorized sources.

The Machado government is understood to be hurrying work on new tariff regulations so that they may be placed in effect on October.

A trade treaty with Italy, which will not only involve tariff advantages but which will contain articles tending to attract Italian immigrants will be negotiated. Large tracts of immensely fertile land are available for truck farming.

It is believed that with the double column Belgian tariff system now to be introduced, Cuba will be in a position to counter with an effective weapon to force other nations, which carry on an export trade with the island to grant tariff advantages to Cuban products.

A Plea for Justice

A Soldier of Peace

The city policeman's lot is not an easy one. He has been called a soldier of peace. He knows not what moment he may be called upon to risk his life in defense of the lives or property of those entrusted to his care.

Why Pensions Are Necessary

Because of the extra-hazardous nature of his calling, the policeman cannot obtain life or accident insurance except at prohibitive rates. His salary is small—barely sufficient to provide for his family requirements. He cannot possibly save enough to protect those dependent upon him when the inevitable date comes for his retirement because of old age or physical disabilities.

How Is the Situation to Be Met?

Cities in other states have met the situation by establishing police pension systems. MISSOURI CITIES are prevented from pensioning their aged and disabled police officers by Constitutional restrictions, adopted in 1876, when the modern city, with its manifold problems of administration, was not dreamed of.

Proposition No. 2 Is the First Step

In order to remove constitutional restrictions, so the Legislature may enact measures permitting the cities of the state to pension their policemen, and the widows and minor children of deceased police officers, Proposition No. 2, a Constitutional Amendment, has been placed upon the ballot for the Nov. 2 election. Although affecting only the larger cities, the proposition must be voted upon by the people of the entire state.

It Means No Increase of Taxes

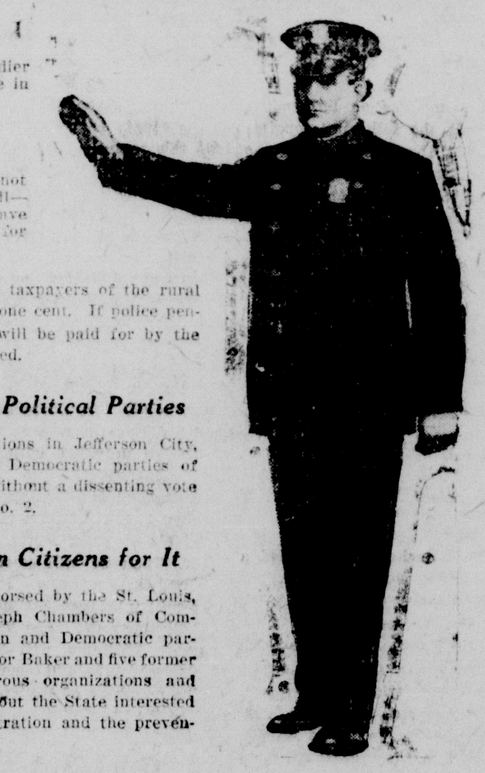
The adoption of this amendment, and the passage of the necessary Legislature to carry out its purpose, will not cost the taxpayers of the rural districts and small towns one cent. If police pensions are provided, they will be paid for by the people of the cities affected.

Indorsed by Both Political Parties

At their recent conventions in Jefferson City, both the Republican and Democratic parties of Missouri went on record without a dissenting vote as favoring Proposition No. 2.

Many Well-Known Citizens for It

Proposition No. 2 is indorsed by the St. Louis, Kansas City and St. Joseph Chambers of Commerce; by both Republican and Democratic parties of the State; by Governor Baker and five former governors, and by numerous organizations and prominent citizens throughout the State interested in efficient police administration and the prevention of crime.



Every Voter Has an Interest

Efficient police in our large cities is of vital interest to every Missouri voter—both farmer and small town resident. Because the prevention of crime throughout the state depends largely upon the standard of efficiency maintained in the police departments of our cities.

Practically every city in the United States of 100,000 population or more, with the exception of Missouri cities, have police pension systems. By letting Missouri cities establish police pension systems, as other cities have done, an incentive is furnished for men of more intelligence, ability and character to enter police work, thereby raising the standard of our police departments and insuring more efficient police administration.

An Economic Loss

Lacking a pension system, the police commissioners of the various cities are compelled for humane reasons to keep partially disabled or aged men on the payrolls, instead of retiring them and filling their places with younger and more active men. Thus, the present system represents an economic loss which is hard to calculate.

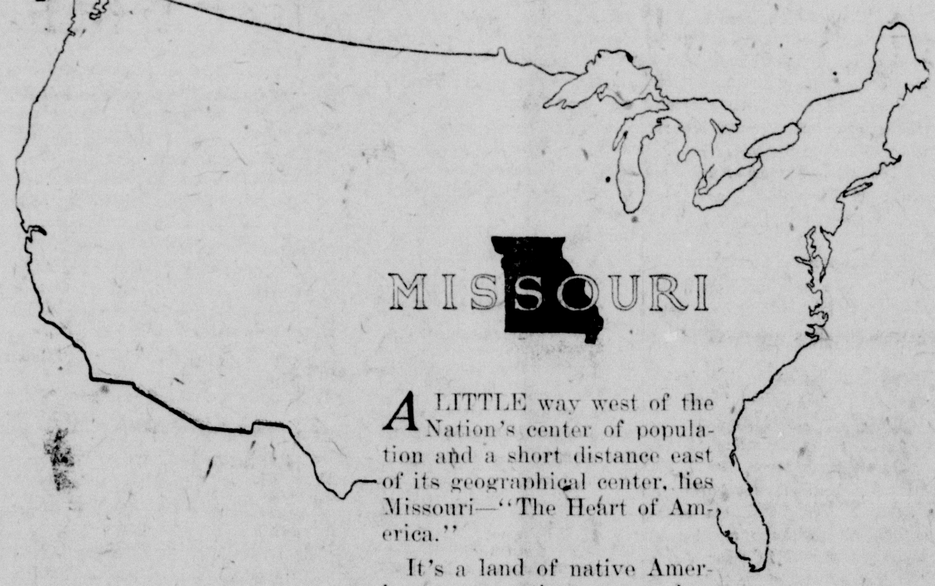
FOREWORD



A LITTLE way west of the Nation's center of population and a short distance east of its geographical center, lies Missouri—"The Heart of America."

It's a land of native Americans—energetic, progressive, prosperous — working out a great future in the biggest variety of undertakings followed in any state.

The prosperity of Missouri, its steady progress, its foresighted planning for the future, is the message of this series of advertisements.

Missourians have faith in their future. With resources, energy and ambition unlimited, prosperous, progressive Missourians constitute a great market for every manufactured product.

The facts that will appear in a series of advertisements will present an accurate picture of this market and of the best way to reach it.

Association Notes

Mrs. Frank T. Dorsey of Kansas City took the place on yesterday's program in the rural school section which had been set aside for Mrs. W. A. Masters of St. Joseph, state president of the Parent-Teacher Association. Mrs. Masters was unable to come, because of a last-minute illness. She sent her address, however, and this was published in yesterday's paper.

Mrs. Dorsey is a former head of the Parent-Teacher organization in Kansas City.

W. R. Lowry, superintendent of schools at Braymer, was elected chairman of the high school department at that sectional meeting yesterday. Basil W. Frazier was made vice-chairman.

The rural section elected Miss Helen White of Jamesport as chairman and Miss Eva Page of Trenton as secretary.

Miss Minnie James again will serve as chairman of the department of commerce and business administration.

H. O. Day of Kansas City was one of the speakers today in the round table discussion of industrial arts teachers. Mr. Day described some recent changes in the teaching of these subjects in the Kansas City schools.

The Saturday morning program, usually one of the most difficult for the program makers, this year is expected to be one of the most attractive of all. Prof. Josh Lee, public speaking instructor of the University of Oklahoma, is said by those who have heard him to be able to make audiences laugh whether they want to or not, while Mrs. Emily Newell Blair is a speaker and writer of national reputation, and Miss Jessie Gay Van Cleve is an authority on literature for children.

Mrs. H. K. Ferrell and son, John, returned to their home in St. Joseph yesterday after visiting Mrs. Ferrell's parents, Colonel and Mrs. R. G. Allan, here.

Frasier Asks Individualism

(Continued from Page 1).

caught.

"Many individuals excuse wrong acts by pleading that they acted impulsively. This is a poor excuse and reveals a weak character. When you meet a situation and do a wrong or unkind act, it is because of one of two things—either you reason poorly or your basic ideals are wrong.

"I appeal to you to keep your basic ideals so pure that your impulsive acts will be as noble as those you deliberately plan.

Education Not Group Affair.

"Education," he continued, "cannot ever be a group affair. We may group school children together in classes. We may have a hundred college students taught together, but education is still an individual affair. Teaching may be done in groups, but education is never acquired in that way. Education is a continuous process that takes place in every active individual. As the process of education goes forward, the individual adds to his store of potential happiness. He learns how to read and what to read. This insures him countless days of happiness with the world's master thinkers and best writers. He learns of nature so that he may commune with the out-of-doors. He learns music that he may express himself in producing music or hearing others produce it. He learns to love artistic things so that he may see the beauty in a mountain sunset, a beautiful painting, a harmoniously decorated room or a beautiful rug. He reads history and is at home in all ages and with all people. He learns how to care for his body, and many things about earning his living. Can any of these things be other than individual? No, to be real they must be individual. The follower of the mob reads only what the crowd is reading. He sees only what is pointed out in nature. He plays the music that is the vogue of the hour. He admires costly pictures when he is told the price. This is not real education.

"I appeal to you all to get the real thing in education and I say to you that these things cannot be acquired in the mass. You must get them one by one."

Religion Also Individual.

The speaker quoted the teachings of Christ to prove religion an individual affair, saying, "The essense of His teaching is summed up in one statement directed to each one of us as an individual when He said, 'The Kingdom of God is within you'."

Individualism, Doctor Frasier admitted, may be carried to a "ridiculous extreme." "Man," he explained, "may be so individual as to be selfish. This is as wrong as being mob-minded. When a man's individual acts hinder a fellowman and keep him from a full realization of his true self, he is in the wrong.

"I hold for myself the right to vote as I please. I must also allow all other men the same privilege. I choose to worship God in my own way, but I must not keep any other man from doing the same thing. I hold certain economic beliefs, but I must respect those who hold quite opposite views.

"This then is the burden of my message. Live to the fullest as an individual and allow every other man to do the same."

Gives Specific Rules.

Specifically, the speaker urged the teachers to practice reflection, take time to read and practice a "positive religion."

"Pause before beginning the duties of the day," he counseled, "and reaffirm belief in yourself by thinking or saying over to yourself: 'I am ready for the day's work, for I am honest, I am fair, I do not harbor a grudge against anyone, I am open-minded, and I will keep my head.' Then, come what will in your day's work, you will be ready for it."

Personal Contact With Pupils Urged

Students In High School Need Vocational Guidance, Dean M. G. Neale Tells Section Meeting.

"Personal contact with students is the most effective means for guidance in their educational careers," said Dr. M. G. Neale, dean of education at the University of Missouri in an address yesterday afternoon before the high school sectional meeting at the Teachers meeting.

Latest figures show that there are 700,000 college students and 3,500,000 high school students in the country and the speaker stated that the forming of a guidance program in the interest of the student is a tremendous job ahead for educators.

Dr. Neale made a plea for the student of failing and inferior grading in school, believing that discouragement in the matter of grades has lead a large per cent of students to quit school before recognizing their ability. He showed that fifty per cent of freshmen leave school before graduation.

The teacher should know the ambition of the student, Dean Neale said. The principal should have a record of the student's past work and upon that base advice to the student in his selection of studies.

He told of colleges and universities which conduct guidance meetings for freshmen before registration. Under competent men they receive suggestions to courses of study and receive warnings against courses in which they could not give their best.

W. H. McDonald, principal of the Trenton High School, declared that the principal's job was not the superintendent's and that so different are the two offices that neither could successfully replace the other.

"The principal must work in his own department," Mr. McDonald said. "He should not attempt to take over the duties of the superintendent, nor is it the business of the teacher to be out of harmony with the school administration in general. Lack of harmony breeds contempt among children."

"The teacher's work carries with it worries and trails and tribulations, therefore, the teacher should not be called upon for unnecessary work. The high school of which I am principal gives the teacher daily an hour in which to rest. In no case has any teacher abused this privilege. The teacher should not be asked to care for the study hall. A teacher should be hired for that purpose."

"It is the duty of the high school principal to share with the teacher her trials whatever they may be in relation to the affairs of the school," Mr. McDonald said.

The high school section was unfortunate in keeping with its program. Fred Keller, superintendent of schools at Norborne, who was to be the presiding official, was unable to be present. His place was filled by L. H. Elam, superintendent of schools at Bolckow. Superintendent Elliott of Cameron, also was unable to attend. L. E. Ziegler, due to his duties as secretary of the association, was prevented from attending and to add to the occasion Dr. Neale was late in arriving due to a mud-hole at Rosendale.

High School Problems Discussed by Speakers

Patrons Pay As Much But Do Not Get As Much As City Residents, Says Dr. Fannie W. Dunn.

The big problem facing the United States today is the problem of the rural school, it was declared this morning by Dr. Fannie W. Dunn, speaking at the third joint session of the Northwest Missouri Teachers Association and the Missouri Library Association.

Doctor Dunn is assistant professor of education in Columbia University, New York, and she has the degrees of B. S., M. A. and Ph. D. from that school. She is a Virginian by birth but received her early training in Peabody Normal College, Nashville, Tenn.

Doctor Dunn's especial interests in the field of rural education are professional supervision of rural schools, improved conditions for one-teacher schools, where such schools are necessary, and better teachers and courses of study, as well as supervision as a means to such improvement. She has been for five years past editor of the Journal of Rural Education.

"The rural school of today," Doctor Dunn said, "is not on its proper level and has not the relation to the urban school that it should have.

"A popular misconception of the situation is that the rural sections are not spending as much money for education as are urban sections. That is not true, because of several things. First, there are almost twice as many adults in the cities as there are in the country. The country has, therefore, a greater burden, per adult, to bear than has the city. Although it is true that rural schools are far inferior to city schools, the adult in the country spends more per person than does the adult in urban sections.

"Another problem of the rural school situation is that of failures in the primary grades. In Missouri, in 1924, 40,000 out of 120,000 children failed in the grades. The problem here is a matter of improving the quality of grade teachers and of improving our methods of teaching reading. A great number fail because they have not been well trained in the art of reading. In country schools it is almost impossible for the teacher to give more than one hour per day to children in the first grade. If the curriculum is wrong, change it. The psychology of so many failures is very bad.

"The rural problem is one of a need for better teachers, better methods, supervision, and other things. All this calls for more money, which is not a matter for me but for tax experts."

Library Called the Cheapest Educator

Teachers Should Acquaint Themselves With Missouri Library Commission, Says Ferguson.

"The library has been found to be one of the cheapest means of educating, for it is possible to make a library available to practically everyone," teachers and librarians were told at the College this morning by Milton J. Ferguson, state librarian of California.

"Libraries," Mr. Ferguson continued, "bring to you the best of all that the world has thought."

They are of especial value, he pointed out, in the light of the fact that the prices of books have greatly advanced in the last few years.

"It is the duty of the library to make good books available to as many as possible," he continued. "We have found, however, that only about 50 per cent of the population of the United States have library facilities. Of this 50 per cent, 93 per cent live in the country.

"Here in Missouri you have the Missouri Library Commission, which should be better known among teachers. The extension division of this commission plans a campaign for the coming year for the purpose of increasing the activity of that group. Every teacher should learn of this work and should use this service for the best interests of his community."

High School Problems Discussed by Speakers

Talks on Music, Principal's Duties, Activities and English Department at Sectional Meetings.

The music department under Charles R. Gardner was thrown open to round table discussion for the teachers attending the Northwest Missouri Teachers' Association.

The junior and senior high school study of music was the general theme of discussion. It included points on the justification, interpretation and the problem of application.

The high school principal's department was placed in charge of L. L. St. Clair, principal of the Maryville High School, in the absence of W. H. McDonald, who was to serve as the chairman. Mr. Puckett discussed the "Supervision of Principle in Our School," which dealt with co-operative effort of the teacher and high school principal in adhering to the established principles of the school.

Miss Reta Mitchell, speaking on high school activities, discussed their value as well as the pending dangers of overdoing. She favored activities of varied natures in every high school.

W. E. Crook discussed the work of the principal in relation to the school and the influence he should wield.

The English department, under the chairmanship of Miss Laura B. Hawkins of the English department of the Maryville High School, engaged in round table talk on general problems of the English teacher.

Librarians Meet at Country Club Here

Luncheon Held There Today Noon—Round-Table Discussion On Library Problems This Afternoon.

The Missouri Library Association, in meeting here this week, met with the Northwest Missouri Teachers Association this morning but separate sessions were held at the Country Club this afternoon. A luncheon for the delegates to the convention here was held at that place at noon today.

Miss Jane Morey, secretary of the Missouri Library Commission, presided at the meeting for librarians from small libraries of the state.

James A. McMillan, librarian, at the University, St. Louis, presided at the meeting for those from the larger institutions.

Round table discussions were held at both sessions following which the meeting was adjourned that members might attend the Maryville Teachers-Cape Girardeau Teachers football game at 3 o'clock.

Services for R. Whorton Held Today

Richard Whorton, who lives near Guilford, died at his home at 11 o'clock Wednesday night. Funeral services were held at the Methodist Church in Guilford, this afternoon. The Rev. Rutledge conducted the service. He had been ill for some time.

What Nodaway County Churches Are Doing

How Death Came to a Great Man

Comment on the Uniform International Sunday School Lesson for October 17, 1926. Read Deuteronomy 32.

Wm. Southern, Jr.

When the time comes I would like to die as Moses died.

By this I do not mean that I would like to die on the top of a lonely mountain, away from all friends and loved ones. I mean that I would like to die while my eyes were still clear and my vision good, the doors of my ears still open and my natural forces unabated.

I would like to live only as long as I am able to be useful to others, only as long as I can work and enjoy it and only long enough to complete the task which the Lord had in mind when he gave me life and an immortal soul. When the job is done, my work finished I want to be ready to die and collect my wages.

A friend made a visit a few years ago to California. In one town he found hundreds of elderly men, well and sound, who had retired from business. The municipality had built special playgrounds for them, golf courses, club houses and other places where they might spend their time. One of the most popular of these is a place for horseshoe pitching and here day after day men gathered and spent the hours pitching horseshoes. My friend came home and told me about it and his remark was: "Bill, when I die I want to be buried, I do not want to stand around and pitch horseshoes."

This about expresses what I mean when I say I would like to die as Moses died, when my job is completed and God sends the release.

Moses is one of the greatest men among all great men noted, either in profane or sacred pages. He was a lonely man after he left the pomp and power of the Egyptian court. For forty years he lived the life of a shepherd and learned to talk and walk with God and to know the touch of His hand. For forty years he was the leader, the teacher, the prophet, the priest of a host of people. There was not one in the bunch capable of being a companion. Moses was set apart from all the others as the responsible one of the nation. He died alone with God. We know not his burial place. No inscribed stone marks his grave. The Mohammedans have built on Mount Nebo a mosque which they call the tomb of Moses and each year at the time of the Greek Easter they make pilgrimage to this shrine. Christians are now allowed to enter.

The account of the death of Moses is found in the last chapter of the book of Deuteronomy. This book might well be called the Revised Statutes of Israel. Moses knew that he was at the end of his life. God told him. He knew that he was not to enter into Canaan, that his part of the work was finished. He knew that he was now to hand over the government to a younger man, to one who would lead the people in successful war.

He did what most of us would do under the same circumstances. He called his people together and reviewed their work. He placed in his farewell address words of reminder, words of warning and words of advice. He reminded them of the 33 times they had rebelled against God and the awful consequences of each rebellion and urged them to remember and heed and not to make the same mistake again.

Moses took no particular credit for the forty years of his own life and work among the Hebrews. He gave all the credit to his God and told them that as long as they remained a law-abiding people, as long as they treated God fairly and respected the rights of one another, just so long would they prosper and grow in stature and usefulness. This message is as true today as it was then—the United States needs just such a message.

It is not given to many men in the short space of a lifetime to do a great work. Most of us simply live and move and have our being. But most of us have much the same experience on a small scale that Moses had, we are not permitted to enter the promised land.

I have never yet known a man who had accomplished his ambition. The great inventor visions what his invention will accomplish for mankind, but he does not live to see it. The discoverer opens new lands and his imagination fills those lands with fine cities and happy people, but he does not live to see it. The statesman works a lifetime to organize and to complete and start his nation in the way of prosperity. He lies down to die and is afraid that without him the great things he has planned can not come to pass. But there is always a Joshua or a Caleb or both just around the corner, always somebody ready and able to step into the shoes of the great administrator and to carry forward and in turn this one completes his tale and hands over the still uncompleted job to another.

In my business of publishing a newspaper I was once asked if I had ever put out a single edition with which I was completely satisfied. I said I never had and afterward I wrote the man who asked the question, reminded him of it and promised that if I was ever completely satisfied with any publication I made I would know that my usefulness was ended. When I die I want to be buried and not stand around and pitch horseshoes.

The things which made Moses great, which made him able to accomplish so much are within the reach of every man. Few of us are willing to go to school for forty years in order to be prepared for accomplishment. We want to jump in and take high position and boss others right off the bat. Few young men are willing to spend half a life time in preparing for great things, even if they know that they may succeed only through such preparation. Moses spent forty years in school in Egypt. He spent another forty years in sheep herding and thinking. Then he was ready to undertake his bog job.

Preparation is not enough. No man may accomplish great things no matter how well prepared unless he has a definite idea of life and death and God. Sometimes as young men we become scornful of God and affect not to believe in God, but few men live a long time who do not come back to the belief taught them as children.

Moses was called the meekest of men. This means that he lived long enough, that his experiences were sufficient, to bring him to a complete understanding of his own relations with God. His one bitter experience in the latter part of his life was when he arrogated miraculous power to himself. He never forget this experience and understood better than most men may how absolutely dependent we all are on the Almighty.

The soldier had it right when he said "Keep your powder dry and believe in God."

MOSES HONORED IN HIS DEATH

Lesson Text Duet. 32: 45-52; 34: 5-8.

45. And Moses made an end of speaking all these words to all Israel:

46. And he said unto them, Set your hearts unto all the words which I testify among you this day, which ye shall command your children to observe to do, all the words of this law.

47. For it is not a vain thing for you; because it is your life; and through this thing ye shall prolong your days in the land, whither ye go over Jordan to possess it.

48. And the Lord spake unto Moses that selfsame day, saying.

49. Get thee up into this mountain Abarim, unto Mount Nebo, which is in the land of Moab, that is over against Jericho; and behold the land of Canaan, which I give unto the children of Israel for a possession:

50. And die in the mount whither thou goest up, and be gathered unto thy people; as Aaron thy brother died in mount Hor, and was gathered unto his people:

51. Because ye trespassed against me among the children of Israel at the waters of Meribah-Kadesh, in the wilderness of Zin; because ye sanctified me not in the midst of the children of Israel.

52. Yet thou shalt see the land before thee; but thou shalt not go thither unto the land which I give the children of Israel.

Ch. 34:5. So Moses the servant of the Lord died there in the land of Moab, according to the word of the Lord.

6. And he buried him in a valley in the land of Moab, over against Bethpeor; but no man knoweth of his sepulchre unto this day.

7. And Moses was a hundred and twenty years old when he died; his eye was dim nor his natural force abated.

8. And the children of Israel wept for Moses in the plains of Moab thirty days; so the days of weeping and mourning for Moses were ended.

Golden Text.—Precious in the sight of the Lord is the death of His saints.—Ps. 116: 15.

Large Crowd Attends Mission Services

(Parnell Review.)

Despite the disgruntled weather and nigh impassable roads the members of St. Joseph's Parish, Parnell, Mo., are straining every nerve to make the Mission and be present at every one of the splendid instructions and excellent sermons delivered by Father Matthew Miller, C. P. the Rev. Passionist Missionary from Chicago.

Father Miller has given Missions in Europe as well as in the United States, in which alone he has spent over thirteen years of exceedingly active Missionary work, traveling extensively in the East and West. Being conversant in at least five languages, English, Latin, German, French and Spanish, he has had a wide and varied experience.

Morning services at St. Joseph Church during the week will continue to be at 6:30 a. m. and 8:30 a. m. with the evening services at 7:30 p. m.

The first Mass next Sunday, Oct. 17th, will begin at 7:30 a m., the second Mass at 10:00 a. m. The closing services of the Mission will begin at 7:30 p. m. Oct. 17.

Questions will be answered Thursday, Friday and Saturday evenings.

Church Building Day at First M. E. Sunday

"Has the Gospel Gotten Out Of Hand?" Will Be Subject Of Dr. James' Sermon Sunday Morning.

Church Building Day will be observed at the Sunday school at the First M. E. Church Sunday, beginning at 9:30 o'clock Sunday morning. At the morning church services, Dr. C. C. James will have for his subject, "Has the Gospel Gotten Out of Hand?" Members of the Intermediate and Epworth Leagues will meet at 6:30 o'clock. At the evening church services, beginning at 7:30 o'clock, Dr. James' subject will be, "God's Little Poor Man." The Wednesday evening prayer services will begin at 7:30 o'clock.

Dr. I. N. McCash to Deliver Sermon Here

Will Speak At Dedication Of Repaired Christian Church Building Oct. 31—Pastor Here Years Ago.

Dr. I. N. McCash, president of Phillips University, Enid, Okla., will deliver the dedicatory sermon at the First Christian Church, October 31, it was announced by the Rev. R. E. Musgrave, pastor. Dr. McCash was pastor of the Maryville church at the time plans were being made for the erection of the present building and he was present at the laying of the corner stone. Since that time he has become one of the outstanding men of the brotherhood.

The repair work on the church building is progressing rapidly and will be ready for the dedication in two weeks.

At the Sunday morning church services, the Rev. R. E. Musgrave will have for his subject, "The Necessity For Christ." The Sunday night theme will be evangelistic.

During the quarter ending September 30, members of the Men's Bible Class read enough chapters in the Bible to equal reading the New Testamen through fourteen times, or more than once each week during the entire quarter.

All services are still being held at the high school building. Sunday school begins at 9:30 o'clock, members of the Endeavor Societies meet at 6:30 o'clock, and the evening services begin at 7:30 o'clock.

How We Got Our Bible

A Lecture by the Rev. William N. Dewar, Pastor of the Presbyterian Church.

"Last week we dealt with the origin of the name Bible, the unity and diversity of its various books, the basis of that unity which we said was the revelation of God in Christ. We also said that the Bible was a "Divine Library," consisting of sixty-six books. Now we come to the division and names of the books.

"The Bible has two great divisions called the "Old Testament," and the "New Testament." The Old Testament contains thirty-nine books, the New Testament has twenty-seven. These books cover a period of sixteen centuries and were written approximately by thirty-six authors.

"The books of the Bible have been classified as follows:

"A—Old Testament Books: (1) Law, consisting of five books: Genesis, Exedos, Leviticus, Numbers, Deuteronomy; (2) History, twelve books: Joshua, Judges, Ruth, 1st and 2nd Samuel, 1st and 2nd Kings, 1st and 2nd Chronicles, Ezra, Nehemiah, Esther; (3) Poetry, five books: Job, Psalms, Proverbs, Ecclesiastes, Song of Songs; (4) Prophecy, divided into the Minor and Major Prophets. 1—Major Prophets: Isiah, Jeremiah, Lamentation, Ezekial, Daniel. Five Books. 2—Minor Prophets, twelve books: Hosea, Joel, Amos, Obadiah, Jonah, Micah, Nahum, Habakkuk, Zephaniah, Zechariah, Malachi.

"B. New Testament: (1) The Gospels, four books: Matthew, Mark, Luke, John; (2) History, one book: The Acts of the Apostles; (3) The Letters of Paul, thirteen books: Romans, 1st and 2nd Corinthians, Galatians, Ephesians, Philippians, Colossians, 1st and 2nd Thessalonians, 1st and 2nd Timothy, Titus, Philemon; (4) Catholic or General Epistles, seven books: James, 1st and 2nd Peter, 1st, 2nd and 3rd John, Jude; (5) Apologetic, one book: Hebrews; (6) Apocalyptic, one book: Revelation.

"With respect to the division of the books into chapter and verse it is to be noted that this is a later addition to the text and made for the sake of convenience in reading. In the original writings there were no divisions of any sort. The writing was continuous and written in capitals. The writing ran from the right side of the page to the left, and the reader had to determine for himself where the sentence or paragraph ended or began. The author of the present division into chapters is supposed to be either the Spanish Cardinal Hugo or the British Archbishop Langton, both of whom lived in the thirteenth century.

"The division of the New Testament into verses is due to Robert Stevens. He introduced the verse division into the Latin and Greek text which he published in Geneva in 1551. They were adopted in the English version published in Geneva in 1557. It is said that Stevens did most of the work on verse division while riding horseback on his travels. This may account for the fact that the divisions are not perfect. There is abundant indication that his horse must have stumbled along the way and led him to insert a comma or a period where it did not belong. Some of the chapters end in the wrong place. Genesis chapter one should end with Genesis chapter two, verse three. Isaiah, chapter forty-three should begin with Isaiah chapter forty-two, verse thirteen. John, chapter seven should take in John, chapter eight. But despite these mistakes Stevens did a great service to readers of the Bible.

"The Old Testament was originally written in Hebrew with the exception of a few places where Aramaic was used. Jesus spoke in Aramaic and in all probability read the Aramaic Bible.

"The New Testament was written in Greek. Not the classical Greek of the ancients, such as Homer, but the spoken Greek of the common people.

"Today the Bible is translated into more than 770 languages and dialects, and new translations are coming out every year. The time will soon come when every man, who has the wisdom to do it, may read the Bible in his own tongue wherein he was born."

(End of Lecture 1. Lecture 2 next week, "The Growth and Development of the Bible.")

Baptists Will Attend Savannah Conference

All-Day Rally And Regional Meeting To Be Held There November 1 —Leaders To Speak.

A number of Nodaway County Baptists will attend the rally and regional conference to be held at Savannah on November 1. In addition to this county Andrew, Buchanan, DeKalb, Gentry, Harrison, Worth, Atchison and Holt will be represented.

The meetings will begin at 10 a. m. and there will be a morning, afternoon, and evening session. The speakers will include the leading ministers of Northwest Missouri counties and also leaders of the denomination at large. There will be valuable conferences for ministers, Sunday School workers and other church officers. The various Sunday Schools and churches are expected to send delegations with banners and pennants. Many delegations will bring basket lunches. Lunch will be prepared for the others at a reasonable price. Lodging and breakfast will be free for those who desire to stay over night. This meeting is one of a series of twenty-two to be held in central points throughout the state. They are not for the purpose of raising money. No offerings will be taken. The public is invited.

Women From County May Attend Meeting

Several Nodaway County members are expected to attend the state convention of the W.C.T.U. to be held at the Ambassador Hotel in Kansas City October 25 to 29. This will be the forty-fourth annual session. Among the noted speakers during the convention will be Dr. Valeria Parker, director of social morality for the national W. C. T. U., and president of the National Council of Federated Clubs.

Thirty-Six Attend Mozingo Valley S. S.

In spite of the bad weather last Sunday, thirty-six persons attended the Sunday school at the Mozingo Valley Church. Attendance at that school ranges from twenty-nine to sixty-one. Some repair work on the church building equipment has been completed and the members are looking forward to a very successful year. The public is cordially invited to attend the services.

DRAMATIC EVENTS IN BIBLE HISTORY : : By Harlowe R. Hoyt and Walter Scott

The Death of Moses.

In the fortieth year of their wanderings, Moses assembled his people for the last time. He repeated all the laws and the commandments and bade them keep them faithfully.
Then Moses blessed his people. On the same day, Jehovah ordered him to ascend Mount Nebo, where he was to die as Aaron, his brother, had died on Mount Hor.
For Moses had trespassed against Jehovah in the wilderness of Zin. Because of this it was given him only to gaze down upon the Promised Land. Never might he enter it.
So Moses, the servant of Jehovah, died in the land of Moab and was buried in the valley against Bethpeor. But to this day no man knows his sepulchre.

The VANITY CASE

NEA FICTION

BEGIN HERE TODAY.

MRS. PRENTISS sees lights mysteriously appear and disappear in the HEATH household next door one night and the next day Harbor Gardens, Long Island, is agog with the murder of MYRA HEATH and the disappearance of her husband, PERRY.

House guests of the Heaths are LAWRENCE INMAN, heir to Myra's fortune, and BUNNY MOORE, vivacious, golden-haired, to whom suspicion points because of her refusal to answer questions.

Myra Heath was peculiar: She never used cosmetics, never wore colors. She had a mania for collecting glass, and it was a rare old whisky bottle from her collection that the murderer used to kill her. Candles were burning at her head and feet and nearby was a card marked, "The Work of Perry Heath." Strangest of all, she was heavily made up and garbed in gay colors.

The peculiar thing about Heath's disappearance is that all the windows and doors had been locked on the inside the night before and were found that way in the morning. Finger prints of Bunny Moore and Inman were found on the bottle.

At the Country Club the murder is discussed by SAM ANDERSON, Heath's rival for the club presidency; AL CUNNINGHAM, who is trying to solve the crime, and others. Some believe Heath the murderer. Anderson disagrees. TODHUNTER BUCK, nephew of Mrs. Prentiss and in love with Bunny, suggests to Cunningham that Heath also may have been murdered.

EMMA, a waitress in the Heath home, tells of seeing Bunny ascend the stairs about the time of the murder, carrying her vanity case. Later Bunny is amazed to get a phone call from Perry Heath telling her Inman is guilty. Bunny breaks down and faints under a grilling by DETECTIVE MOTT, who makes up his mind that she is guilty. Inman confides to Buck that he saw Bunny creeping the stairs after the murder, and Mott, questions all the servants and tells them to keep silent.

Cunningham gets a note from Anderson and goes to his house where Perry Heath suddenly appears out of the night and begins to talk.

Anderson invites Cunningham to his house and there, while waiting for his host, Cunningham is suddenly confronted by Perry Heath, who disappears as mysteriously as he had appeared. Shortly afterward, Anderson comes in, and he reproaches Cunningham for letting Heath get away.

Buck, meantime, is determined to clear Bunny. He resolves to have a talk with her, but she refuses to be truthful. He declares his love but she sighs and turns away.

NOW GO ON WITH THE STORY.

CHAPTER XXXVII.

Buck looked after Bunny, sorely tempted to follow, but concluded not to, feeling it was better to let her think things over by herself.

He went back to his chair on the porch, where sheltered by the clustering vines, he sat and smoked numberless cigars.

His aunt came out and said, in her crisp way:

"Come, Toddy Boy, it's late. You can think about her in your dreams instead of catching your death of cold out on this porch. Come along in."

"No, Aunt Em. You run along to bed, and I'll go up when I get ready. Leave the door open, I'll lock it when I go in."

"Oh, all right, have your own way, but if you get hay fever, don't blame me!"

"I won't. Good night, auntie dear."

"Good night, Boy. You'll find anything you want in the pantry,—if so be, you can think of anything so prosaic as food!"

Buck smiled at his aunt's intuition, and left her raillery unanswered.

He sat there for hours, unheeding the flight of time. He ceased smoking, and sat, almost motionless, giving himself up to dreams far removed from detectives and murder mysteries.

How sweet and dear she was! And that little wistful smile,—that alone betokened her utter innocence. If she had a secret, it was that she was shielding somebody else,—from some mistaken sense of duty.

Well, he would discover her secret,—he had a right to, for his motives were all for her good, his interests only hers, from now on and forever.

Some day, this awful investigation would be at an end, some day she would be free to go or come as she pleased. Then she would go home, and he would follow. He would meet her people, interview her father, and all would be shipshape and proper.

Whether it was the mental picture of the wedding feast, or the increasing chill of the night air, something turned his thoughts to the pantry his aunt had so casually referred to.

He was just contemplating a move in that direction, when he saw some one coming out of the front door.

The door had been closed, though not locked, and the one who came through it was Bunny,—yes, surely Bunny!

He sat very still, his eyes almost starting from his head. Was she, could she be, walking in her sleep?

No, he saw at once that she was not. She had on a dark frock, and black shoes and stockings, and she walked slowly, looking about her as she stepped.

She could not see Buck, as he sat back in the shadow, and he made no sound, so that she did not even pause to look that way.

She went softly, slowly, but steadily on, to the edge of the porch and down the steps.

As she went down the path to the side gate, Buck rose and quietly followed her.

He felt no hesitancy about doing this, he was her protector and he meant to watch over her.

It was not necessary to be very cautious, for the soft lawn deadened his steps, and apparently she had no thought she was not alone.

Across the lawn she made for the small piece of woods that was not far away.

In the shelter of a tree Toddy waited, and then as she went into the woods, he cautiously followed, but at a distance.

He had no wish to pry, but also, he must see that no danger came to her.

As she disappeared in the deep shadows, he edged nearer, and saw, with a sudden pang at his heart, that she met somebody, and that somebody was a man.

Like a flash, Buck remembered the letter Bunny had received at lunch time. How she had read it without comment, but with, he remembered, a heightened color, and a queer little frown.

Could it have been from this man, making an appointment for this meeting?

Buck was sure that it not only could have been, but was.

His heart was torn with fears. He tried to keep his faith in Bunny, but she had left the house secretly, and very late. She had come to meet a man who was waiting for her in a dark, lonely wood.

It didn't seem as if much more were needed to make the girl blameworthy beyond power of explanation.

He watched through the darkness, not daring, nor indeed wishing to go nearer, and it seemed to him that the two human shadows merged into one. As if Bunny had been lost in the man's embrace and as if she made no resistance to such conditios.

Toddy turned sick at heart. This was the girl he loved, worshiped, adored, to the point of idolatry. But this was also the girl he honored, respected and believed innocent of any guilty knowledge or connivance in her friend's death.

What was the truth? For once Buck's power of discernment was at fault.

He knew not what to think,—what to believe.

More than willing to give Bunny every possible benefit of the doubt, how could he believe her in all ways innocent, when she would do such a thing as this?

He tried to find an explanation. But if this interview were in the interests of law and justice, why so secret the meeting? Why so late an hour? So stealthy a departure from the house?

It was inexplicable. Tod began to feel a rising anger,—yes, even his Bunny could arouse his resentment at this treatment of his proffered help. Why hadn't she confided in him, and let him go with her to see this man?

Then he bethought himself of another explanation, and his wrath turned to great and grevious woe.

Suppose this man were Bunny's lover! Suppose it all had nothing to do with the murder mystery, but that this chap, confound him! had come from Bunny's home with messages or warnings or help of some sort in her dreadful dilemma.

Maybe they were affianced sweethearts, and the girl had only been flirting with him, and, he had to admit, she had done very little of that.

Indeed, she had really repulsed him, and it may have been only his imagination that made him hope she would yet turn to him with love and affection.

He knew little about her, his intuitions might not be true ones, maybe she was the typical flapper of whom he heard so much and so often.

Well, he must know a little more, and with a feeling of defiance of his own better nature, he crept softly nearer the pair in the woods.

They now sat on a fallen log, earnestly engaged in conversation.

He could not make out the tenor of their talk. He hated himself for trying to but he edged still closer, and though he could see only shadowy outlines of their figures, he at last managed to make out a few words.

"Don't you care?" Bunny said, passionately, her voice raised a trifle, as if in amazed agony. "Have you no pity, no regret? Oh, I don't know what to do!"

"Don't do anything, dear" the man's voice said.

Buck could not place that voice, it was unfamilar, though he realized he might have heard it before.

"But I can't be still and say nothing—you see,—I noticed the putty—"

The man, at that, clapped his hand across her mouth.

"Hush!" he said," I fancied I heard a sound. Somebody may be about."

ONE KIND OF GOITRE HARD TO DETECT

Called Exophthalmic, It Causes the Eyeballs to Bulge, Makes the Patient Very Irritable and Requires Expert Attention.

By ROYAL S. COPELAND, M. D.
United States Senator From New York.
Former Commissioner of Health, New York City.

DR. ROYAL S. COPELAND

A lady living on the Pacific Coast has written me about axophthalmic goitre. She says she suffered from this disease for two years and had nine doctors before finally discovering that she had a goitre and merely neurasthenia.

I am not surprised that this unfortunate young woman did not have her trouble recognized at once. The symptoms of exophthalmic goitre may exist for a long time before any pronounced physical changes occur. When the goitre comes and when the exophthalmus appears, of course the diagnosis is easy. But in the beginning it is not easy, and I am not surprised that the doctors did not recognize the trouble. If they had seen the case later there would have been no difficulty about seeing what was wrong.

Exophthalmic goitre is different from simple goitre. In simple goitre the thyroid gland, the glandular substance bordering Adam's apple in the neck, becomes enlarged. Indeed it may become enormous. I saw a case recently where the goitre was so large that it filled in the entire space between the point of the chin and the chest.

In exophthalmic goitre there may not be much enlargement of the neck, although in a typical case there is some. But exophthalmic goitre has certain associated conditions and symptoms which simple goitre does not have. The most important of these is the exophthalmus.

This big word is the one applied to a condition where the eyeballs are pushed forward and are made very pronounced. They are so prominent, indeed, that it is almost impossible to close the lids over the eyeballs. The eyes are always big and staring and glassy in appearance.

In addition to these two visible changes in the appearance of a person, there are other symptoms more difficult to discover. The most prominent is known as "tachycardia." This is a term meaning rapid heart. Practically all exophthalmic goitre patients have a very irritable, sensitive, and rapid heart.

Another sympton I have observed in exophthalmic goitre is one-sided sweating of the body. One side may sweat all the time and the other side be perfectly dry. Falling of the hair is another common symptom.

The victim of exophthalmic goitre is extremely nervous and irritable and easily moved to tears. She is flighty. It is difficult for her to concentrate upon any matter of importance, and she becomes a nervous wreck.

The color of the exophthalmic goitre patient is pale and pasty. There is a falling off in weight. General feebleness and inability to carry on the ordinary occupation are other symptoms.

Needless to say, these cases are extremely difficult to handle. In this article I shall not discuss at any length the treatment of exophthalmic goitre. It goes without saying that the hygienic treatment is of the greatest importance. Sleep, rest, moderate exercise, proper feeding, fresh air and sunlight, are all essential. Nothing must be taken for granted. The family physician will direct the details of the daily life.

Electricity, radium and various remedies have been used. A serum has been recommended, and various surgical procedures. Some remarkable cures have followed the administration of well-directed medication. Nothing should be taken for granted. Attention should be given to the teeth and mouth and throat and all parts of the body in order that any possible local exciting factor may be removed.

O. M. Watkins of Maryville was a business visitor in Graham Wednesday.

Good Hope

The weather man still seems to be disposed to give us a shower of rain every day or so, it keeps the lots and fields in a terrible condition, making it very hard to chore.

This wheat sowing is getting to be quite a question. The ground so wet and especially the low parts of the fields. It will be several days even if it doesn't rain any more before it will be dry enough to work. This will be a good time to notice the results of the late wheat sowing.

Apples are very scarce with most of our neighbors, and many of them very poor quality. All those on the ground are spoiling before we can get them used.

The pumpkins are also spoiling before they ripen, the ground being so wet and so little sunshine.

Joe Miller, who had been ill at his home for a few months, died last Thursday afternoon, after much intense suffering the last few weeks. Cancer of the stomach was the cause of death. His wife died nearly four years ago and three children survive him. Mrs. Ray Proctor, Edgar Forest and Walter Abraham; two brothers, Tine of Hopkins, and Elbert, who lives in the State of Washington; three sisters, Mrs. Jane Snodgrass, Star, Idaho; Mrs. Flora Smallwood, Sheridan, Mo., and another sister, Mollie, in Los Angeles, Cal. Funeral services were held in the home, conducted byg the Rev. W. C. Harper from Hopkins. Burial was in the Hopkins cemetery and inspite of the terrible muddy roads thirty cars wended their way to the cemetery.

Mr. and Mrs. W. B. Smallwood, Sheridan, Mo., John Miller, Savannah; Andrew Miller, St. Joseph; and Mrs. Chloe Brown, Maryville, were relatives, who attended the Miller funeral Saturday.

Mrs. Ula Morehouse is quite ill. Mrs. Leaman Morehouse was called there Sunday night and was still there Tuesday evening.

Miss Opal Gray, east of Hopkins, spent the week-end with her grandmother Morehouse and her uncle and aunt, Mr. and Mrs. John Morehouse.

Mr. and Mrs. Robert Ramsey were Sunday dinner guests of Mr. and Mrs. Roy Ringold.

There will be Sunday School at Good Hope next Sunday at 10 a. m. if the weather and roads will permit.

Pickering

O. G. Null.

Mr. and Mrs. Joseph Leech and daughter, Velma of Winifred, Mont., arrived here last Friday and will probably spend the winter in this vicinity.

Mr. and Mrs. Geo. Williams and baby daughter left Monday for Tonkawanka, Okla., where they will make their home.

Mr. and Mrs. Geo. C. Wray and Mrs. Anna Hornbuckle returned Monday evening from Kansas City where they went last Friday night in response to a message stating that a sister of Mrs. Wray and Mrs. Hornbuckle had been seriously injured in an auto accident. The injured woman was thought to have a chance for recovery though she is still in a very serious condition.

A. H. King's left shoulder was dislocated and he received seven bruises about his head and face by being knocked down up on a truck upon which he was riding, by a telephone wire which hung across the road in such a manner as to catch him as he was standing up just back of the cab of the truck. The accident occured near Clearmont, where Mr. King was employed on one of the County bridge gangs. He is still quite sore from his injuries though able to be out on the streets.

Mr. and Mrs. Verne Dickson and two daughters of Denver, Colo., are visiting here this week at the home of Mrs. Dickson's mother, Mrs. C. M. Shopbell, and with other relatives in this vicinity. They expect to go to St. Joseph Friday, where they will visit Mr. Dickinson's mother, who is in very poor health.

Delma Carmichael and Russell Parks returned last Friday from St. Louis, where they went the first of the week to attend the World Series Baseball games.

Mrs. John Sherman of near Barnard came up Thursday for a visit at the home of her sister, Mrs. Floyd Alexander, and Mr. Alexander.

The Pickering School was dismissed Wednesday evening for the remainder of the week in order that the teachers might attend the teachers meeting in Maryville on Thursday and Friday.

Mr. and Mrs. Will Pierson of Drummond, Okla., left for their home Friday morning after a month's visit here with Elwood Fakes, father of Mrs. Pierson, and with other relatives in this vicinity and at Maryville.

Mrs. Amanda Nash of Sheridan, Mo., who has been visiting relatives here for the past three weeks, went to Hopkins Wednesday, where she will visit for a week or more before returning to the home of her daughter near Sheridan.

The C. G. McMillen store room has been chosen as the polling place for the general election next month. This will be a splendid room for the purpose as it is well lighted and has ample room for the booths and election officials.

BLOOMDALE

Mrs. George Wray received word Friday evening that her sister in Kansas City had been run over by a taxi. Mr. and Mrs. Wray and son, Willard, left immediately for Kansas City. They returned Monday evening. The sister is reported to be getting along as well as could be expected. A taxi that coasted off down the street without a driver caused the accident.

Mr. and Mrs. Orville Gray visited at Henry Piveral's south of Maryville, Monday.

Mr. and Mrs. John Appleby visited at George David's Sunday.

The people from this community are traveling the ridge road to Maryville. The "Pride river bridge" is condemned.

William Potts of Savannah spent this week with his son, Henry, of this neighborhood.

Mr. and Mrs. Carl Whittlesey of Springfield, Mo., announce the birth of a daughter, born October 3. Mrs. Whittlesey was formerly Miss Louise Horn of the Myrtle Tree neighborhood.

Ernest Sharr left for Conway, Sunday afternoon, where he will work for a few weeks.

Frank Treese spent Sunday with the Sharr boys.

Ervin Horn, who has been working in St. Joseph, came home Friday.

This is the first picture ever published of Charles Spencer Chaplin, Jr., first son of the famous movie comedian. His father has strenuously opposed allowing the child to be photographed.

Monroe County Bank Closed by Directors

Jefferson City, Oct. 15.—The Farmers Bank at Stoutsville, Monroe County, with resources of $83,000, was closed today by the board of directors following a steady withdrawal of deposits, according to a message received by S. L. Cantley, state finance commissioner. It was the forty-sixth bank to close in the state since January 1.

Mr. and Mrs. Ralph Lewis of Parnell went to Troy, Kansas, today to visit friends.

Red Cross Notes

A relief fund of approximately $3,000,000, gift of the people of the United States to sufferers in the Florida disaster, has been raeised to date, according to the accountant's report at National Headquarters.

The appeal for funds to conduct relief work was made on September 20, in a proclamation issued by President Coolidge, president of the American National Red Cross, who asked that all contributions be made through the Red Cross organization. Almost a million dollars was raised during the first day of the drive.

Chairman John Barton Payne, of the American Red Cross, on the day following the President's appeal, announced that a minimum of $5,000,000 will be needed to complete the job of relief and rehabitation. His estimate was based on reports from Henry M. Baker, Director of Disaster Relief, now in Florida, and other workers who had first-hand information of the situation. The relief fund lacks $2,000,000. Florida herself is giving generously.

Painter Falls Fifty Feet, Is Not Injured

With paint bucket in hand fifty feet above the ground, Francis Coyle fell from one of the corner windows of the monastery. He was not injured.

On his way to the roof with a bucket of new paint Mr. Coyle was climbing through a raised window, the bottom of which was rotten. Thinking the window frame solid, he clung to it while passing to the roof. The rotten frame gave way and he fell to the ground. His father was standing at the window and saw him disappear headlong to his eternity, as he thought, and then ran hysterically through the corridors and down the stairways crying, "My boy, my boy." Arriving at the spot below he saw his boy still breathing and suffered more from the shock of relief than he would have from the realization of his anticipation.

In the fall the boy had turned once around and struck the ground, legs crossed, feet first. He was picked up from an impression in the ground six inches deep and was carried to the infirmary. The doctor's verdict is that he did not suffer a scratch.—Conception College Morning Star.

Closing Grain Review.

Chicago, Oct. 15.—Liquidations wiped out all early gains on the Board of Trade and sent grains to a close below that of yesterday.

Wheat advanced about 1½ cents on the strength of Liverpool but sagged when heavy liquidations came late in the session when buying power was lagging.

Futures closed ½ lower, while the cash price was steady to 1 higher.

Local professionals, who are very bearish, controlled corn, forcing futures to close 1 to 1⅜ lower than yesterday while cash values were ½ off.

Oats slumped with the rest of the market, closing ⅛ to ⅜ lower. The cash price was steady.

Provisions closed higher.

M. H. S. WINS AT SAVANNAH

SPOOFHOUNDS VICTORIOUS EASILY BY 13-0 SCORE.

OPPONENTS CRIPPLED

Two Savannah Regulars Sit On Sidelines.—Lineman Star For Local Eleven.

In a game marked by frequent fumbling, the Maryville High School Spoofhounds yesterday won a football victory with comparative ease over Savannah High School, reputed to have one of the strongest elevens in this section. The score was 13-0. Had it not been for the fumbles it would have been larger.

In humbling the Savannah eleven, the Spoofhounds crushed an ambition on the part of Coach Sam England, former M. H. S. and Teachers College star, to see his new charges victorious over his alma mater. In justice to Coach England, however, it must be stated that two of his Savanaah regulars were on the sidelines on account of injuries.

The Maryville eleven showed better team play than in any of the early-season contests thus far, but Coaches C. W. Croy and Hugh Graham admitted that there were "rough spots" to be smoothed off, and, above all, that grades hovering perilously near the danger mark must be brought up.

The Spoofhound scores came in the second and fourth quarters, Kissinger carrying the ball over for the first touchdown and Swinford the second. The first quarter was fairly even, but it ended with Maryville in possession of the ball in Savannah territory, and immediately after the opening of the second period the ball was carried over on straight football. Kissinger kicked the goal.

It was later in this quarter that fumbling lost the Spoofhounds an additional touchdown. Maryville twice had the ball between the last white marker and the goal line.

A long pass, Wilson to Swinford, figured in the second Maryville touchdown. With first down and goal to go, Swinford went across. Kissinger kicked the goal, but a Maryville man was offside and the point was not allowed.

The Spoofhounds suffered a severe loss when Dooley, fullback, was hurt. An examination revealed that a leg bone had been fractured, and he will be out for at least three weeks and probably for the season.

The four backfield men shared honors in yesterday's game, with Captain New, guard, Howard, tackle, and Hall, end, starring in the line.

Next week the Spoofhounds play Lafayette High School at St. Joseph. This team tied Savannah when Coach England's team was at its full strength.

The line-ups yesterday:

Bank Files Replevin Suit Against Sheriff

A replevin suit was filed today by the Farmers and Citizens Bank of Barnard against Sheriff Lowell B. Campbell for the possession and recovery of certain goods and chattels to the value of $4,000. Sheriff Campbell, under an attachment suit, seized this property on Oct. 12, 1926, belonging to Joe Skidmore, and the petition of the bank states the sheriff wrongfully took said possession from the bank. In addition to the return of the property, damages for $250 is asked for taking and detention of this property.

Glenn Moon in Jail; Fails to Pay Fine

Glenn Moon, who was in St. Joseph was brought back to Maryville today by Deputy Sheriff John Rasco as he had failed to pay his fine of $25 for gaming, which was assessed at the April term of court. A stay of execution was granted by the court and the time had expired. Moon was still in the county jail early this afternoon.

CONCERT WAS APPRECIATED

MANY HEARD LITTLE SYMPHONY CONCERT LAST NIGHT.

BARITONE PLEASED

Soloist On Program With Kansas City Musical Organization Sang In College Auditorium.

Music such as the several hundred pedagogs now meeting here with the Northwest Missouri State Teachers Association and many townspeople have not heard for a long time was furnished by the Kansas City Little Symphony Orchestra, N. De Rubertis, director, in concert at the State Teachers College last night. Stanley Deacon, baritone, with his charming voice and equally pleasing personality, proved to be one of the best received soloists who have appeared here in recent years.

Visiting teachers, members of the College faculty and music lovers of Maryville attended the concert which was not one of those peculiarly arranged programs that take one soaring into dramatic heights there to abandon you after the finale ,suspended in a sort of space left to later drop "plump" to earth some several minutes later when the sticking of your motor car's starter chain causes much discord. Rather it was one of those well balanced programs which can be enjoyed by many for there was an overture, a symphony, musical impressions, a slumber song, vocal solos and other numbers to please the musical palate of the discriminating.

However, not a few of the many persons who heard the Little Symphony last night registered a keen disappointment because of the failure of those who arranged the program to provide a solo number which they, from the appearance of the orchestra on the stage, expected. Throughout the entire performance, there stood upon the stage, a beautiful harp, which was plucked upon occasionally during certain numbers but then it seemed as if the musician was only teasing the subtle nature of those present for it is certain that there were many a one in the audience hungry for more of those musical delicacies which can come only from a harp.

Mr. Deacon, soloist, opened his part of the program with an aria, the Prologue from "I Pagliacci" (Leoncavello) and before this number had been completed he had won his audience. And a group of teachers, critical persons that they are, are not the most simple things to please.

It was in the "Toreador's Song from "Carmen" (Bizet) that the baritone found his surest path to the audience's emotions. He made them feel his powers, enjoy the glory that is a toreador's and feel his fears. "Leetle Baptiste," a little French-Canadian song also was given. Indeed, an entire recital by Mr. Deacon would have been appreciated.

Opening with the overture, "In Bohemia," (Hadley), a thing which played upon the interests of the audience, the orchestra soon was swept into the first movement of Symphony No. 3 in F Major, Op. 76, (Dvorak) by the lively flowing melody of two clarinets. Shortly after the first movement had been completed and the action had moved into the second movement the lights in the auditorium, unreliable things that they have proved to be on many such occasions, flickered and were extinguished. Then and there the talents of the director asserted themselves. The orchestra played on and continued with the number, when the place was again illuminated. In a short time however, the lights were once more extinguished, this time for about a minute and the orchestra was forced to stop its playing, but this unhappy interruption had little effect on the musicians and the orchestra stopped its playing on one note. The symphony was continued after the lights came on again.

Massanet's "Slumber Song" was played as an encore. The rocking effect, even in De Rubertis' directing and by members of the orchestra, was appealing.

"Fantastic Farandole" (Dubois), "Notturno, Op. 70, No. 1" (Martucci) and "Dance of the Comedians" (Smetana) were the numbers played in the fourth part of the program. All were well received.

"Napoli" (Charpentier), a musical picture of Naples, provided the final part of the program. This number, same as the others, was appreciated. "The Watch of the Guardian Angel" (Pierne) was played as an extra number and ended the performance.
